Hi

Teaching is my passion. Teaching is a tool with which you transmit knowledge to another person and it is od high value, no matter at what level of education the teaching is done

I am a 30 year old man doing my MBA in Madrid. I lived in London for the last 8 years, where I did my under graduation and worked as a Hotel Manager.

I have considerable amount of teaching experience. I gave private tuitions in London and 10 years ago in India, my home country.

In my last job, where I worked to launch a new hotel in London and build the team, I extensively involved myself in regular training and development of the team

I am a very patient person and a good listener.
