Details:

Space scientist and physicist, Dr Sujata, has been tutoring and guiding over 500 students to achieve their maximum academic potential in Mathematics, the Sciences and Technology for over 20 years. Dr Sujata demonstrates how mastering simple concepts in science and math can lead you to think 'out of the box ideas' and even do rocket science. To be the best, learn from the best. She has innovated and designed several prototypes and kits for students to help them grasp scientific and mathematical concepts practically. Students learn to memorize essential concepts and remember them for life. Hundreds of students in the past years have extraordinarily benefited by her methods of teaching

She teaches Mathematics, Physics and Chemistry to all syllabi school level to post graduate level and competitive exams.

Classes can be held at student's location (individual or a group) for minimum three consecutive hours.
